Both the Same.

About fifty years ago a hatter in the south of England had a sign hung outside his door, with "J. Dodging" printed on it. There was a young clerk who was in the habit of passing by the shop every morning. One day he went in to buy himself a new hat, and left his old one to be done up, promising to call for it in two days' time, and then pay for his new one.

Day after day went on and he never turned up; he went to his business another way. So the hatter, becoming tired of waiting for his money, went one morning at the usual hour in search of him, and meeting him, he exclaimed:

"Now, then, young man, I've got you. I am Dodging, the hatter."

The young fellow then coolly exclaimed: "Oh, how strange! I am doing the very same thing."

Whooping Cough.

There is no danger from this disease when Chamberlain's Cough Remedy is freely given. It liquefies the tough mucus and aids its expectoration. It also lessens the severity and frequency of paroxysms of coughing, and insures a speedy recovery. There is not the least danger in giving the remedy to children or babies, as it contains no injurious substance. For sale by all dealers. Benson, Smith & Co., agents for the Hawaiian Islands.

A Congo explorer was busy cleaning his weapons with vitriol. A negro chief sat by watching the process with eager curiosity, and, while unobserved, stretched forth his hand, snatched up the bottle containing the corrosive liquid, and swallowed its contents at a single gulp. Our explorer jumped up, expecting to see the fellow die in frightful agonies. But his sable majesty merely rubbed his stomach with evident satisfaction and said: "What! you keep such nice things in your bag without offering them to your friend!"

It will not set in the mixing vessel, and it improves by standing a few days.

It can be used to good advantage over old whitewash without scraping.
